1st XI 2003

1.1 – Season's Report

From the outset the 2003 season was always going to be a hard one for the 1st XI against the backdrop of relegation from the WECCC structure after two difficult years for the team.

They were back in the more familiar surroundings of the Somerset League and consolidation was the name of the game.

The season started slowly as away games at Burnham-on-Sea and Staplegrove were both lost quite heavily and the hangover from our time in the WECCC seemed to be clinging on a lot longer than we had wished it would.

Even as early as the end of May it seemed that we could be dragged into a relegation dogfight, but successive wins over Ilton, Kilve and Evercreech eased the worries.

But then the collywobbles set in again and from June 14 until August 2 we won only one game and the last month of the season could prove to be a little dicey as the teams below us kept on winning, heaping the pressure on us.

The demolition job on Kilve was needed and it encouraged us to play some of our best cricket of the season as Evercreech were, in the end, soundly beaten on their own patch as we finally laid to rest a real hoodoo.

The win at Street that confirmed our status for 2004 was a real top-drawer performance and it showed just what we could achieve.

As a season 2003 was one of consolidation following two hard seasons in the pyramid structure and I feel that this aim was achieved satisfactorily.

(a) – The SCL was formed in 1973. Wellington 1st XI joined in 1974.

(b) – The SCL removed the title of 'Premier Division' in the 1993 close season and thus all divisions were downgraded by one, so that the old Division One (which the 1st XI were in) became the new Division Two. These changes took effect from the start of the 1994 season.

(c) – Despite finishing in a relegation position in 1995, the 1st XI retained their Division Two status because of the withdrawal of Uphill Castle and Claverton in the 1995 close season. Both these teams left Division One, which meant that no teams were relegated from that division and consequentially none from Division Two either. The only movement of teams was that of Watchet and

Ilminster from Division Two to Division One and that of Lydford and Whitchurch from Division Three to Division Two.

(d) – Due to the formation of the WECCC in 1999 the SCL underwent another re-organisation of the 1st XI competition. This change meant that the 1st XI was in Division One from the 2000 season.

(e) – Despite finishing in a relegation position in 2001 the 1st XI retained their WECCC status because of geographical anomalies in other parts of the 'pyramid' structure. The only movement of teams was that of Westlands upwards to the Western Alliance by virtue of their winning of the WECCC (Somerset) division and that of Winscombe to replace Westlands by virtue of their winning of the SCL.

2nd XI 2003

2.1 – Season's Report

This season saw the 2nd XI's four-year tenure of a SCL Reserves Competition Division One place come to an end.

A combination of early season selectorial difficulties saw the team lose seven of the first nine games and was consigned to the bottom of the pile, a position that was never recovered from.

The loss of 25 points from the away fixture at Uphill Castle merely confirming this.

But despite this backdrop the team spirit was one of the best around as perhaps the adverse situations that the team found itself in at times galvanised the players to dig deep.

The double over North Perrott was a fine achievement and the narrow, but deserved win over Cheddar was a highlight.

Hopefully the last day win at Chard will give the team a springboard to go into 2004 with as they attempt to bounce back to Division One of the Reserves Competition at the first time of asking.

4 - Friendly XIs (Sunday, Midweek & Festival XIs)

4.1 – Season's Report

The friendly aspect of our cricket was perhaps the happiest aspect of the season under review as a record number of non-league matches were played, in no small way due to the club's first 'festival week' and a large amount of success was gained.

In all 32 non-league matches were played and of these only five were lost.

To see all rafts of club person playing friendly cricket re-enforces the view that I expressed in this section last year; namely that friendly cricket is alive and well not only in our club, but in the teams against whom we pit our wits.

Long may this continue!
