Note – The following definition is used throughout this book when defining a cancelled fixture,

- **League/Cup Fixtures** – When a league fixture is cancelled for any reason other than the weather the result is recorded as a ‘win by default’ for the non-offending team.
- **Non-League Fixtures** – When a non-league (i.e. friendly) fixture is cancelled for any reason other than the weather the fixture is expunged from the records.

1 – 1st XI 2008

1.1 – Season's Report

The season began with a strategic review of all things concerned with the senior section – it had been accepted that we had not done ourselves any favours in the 2007 season in some ways and the AGM vowed to adhere to a plan that had short, medium and long terms aims, so I think if we had said at the meeting that the 1st XI would finish as league runners-up, would lose off the last ball to the eventual Baker Cup winners and secure the Shield competition that they entered into as a result of that match then I think we would have taken it.

Paul Short led the team by example and is to be congratulated in what he achieved individually – over thirty wickets with his off-spin and the team haul listed above. Two players scored over 400 league runs – Mark Salter and Matt Daniel – and there were solid contributions elsewhere.

Spin was the major component of the bowling success with Paul Short, Rob Moysey, Max Capaldi and Matt Daniel all doing well – taking 84 wickets between them.

The pace attack flexed in its composition through the season, but it was excellent to see Thom Trott running in once more at full tilt after he had suffered with injury the previous season.

Kevin Symons was hampered by niggling injuries through the season, but was still an effective swing and seam option to have.

Bulking up the pace attack will be seen as an aim for 2009 – the procurement procedure for next season's overseas player should take this into account when looking at the skill set requested and provided.

Away form was the key factor in Butleigh winning the league and the sole promotion spot and not us – we won all home matches that were completed (eight played, eight won), but were only successful twice on the road.

Most championship successes are built not so much on home form, important though that is for sure, but on what can be achieved on the road and to lose five matches, three of them by less than twenty runs, shows that closing out games when we have the chance is an area of play that needs to be improved on in 2009.

But I refer to my opening paragraph that if you had said that the 1st XI would end the season with what they did before a ball had being bowled then I think most people would have taken it.

An excellent first season for Paul Short and his team and the level of success required in 2009 has been set.

(a) – The SCL was formed in 1973. Wellington 1st XI joined in 1974.

(b) – The SCL removed the title of ‘Premier Division’ in the 1993 close season and thus all divisions were downgraded by one, so that the old Division One (which the 1st XI were in) became the new Division Two. These changes took effect from the start of the 1994 season.

(c) – Despite finishing in a relegation position in 1995, the 1st XI retained their Division Two status because of the withdrawal of Uphill Castle and Claverton in the 1995 close season. Both these teams left Division One, which meant that no teams were relegated from that division and consequentially none from Division Two either. The only movement of teams was that of Watchet and Ilminster from Division Two to Division One and that of Lydford and Whitchurch from Division Three to Division Two.

(d) – Due to the formation of the WECCC in 1999 the SCL underwent another re-organisation of the 1st XI competition. This change meant that the 1st XI was in Division One from the 2000 season.

(e) – Despite finishing in a relegation position in 2001 the 1st XI retained their WECCC status because of geographical anomalies in other parts of the ‘pyramid’ structure. The only movement of teams was that of Westlands upwards to the Western Alliance by virtue of their winning of the WECCC (Somerset) division and that of Winscombe to replace Westlands by virtue of their winning of the SCL.

2 – 2nd XI 2008

2.1 – Season's Report

As with the 1st XI report I am of the opinion that if you had offered the 2nd XI the sort of season that they ended up with in 2008 then they would have taken it before a ball was bowled in anger.

After a 2007 season in which availability and continuity of selection were not in abundance the season just passed saw a vast improvement in these areas and this helped the team to record – statistically at least – a finish that was equal to it's best ever league finish in the 34 seasons that they have competed in.

Julian Jones and Richard Henwood each scored well in excess of 400 league runs and was, naturally, the top two in the averages. They scored three of the four hundreds the team recorded with Matt Colman making the other one – he offered a wise head in the middle order.

Trevor Brooks was a new face to both the club and the side and he can be pleased with his first season for the club.

Four bowlers returned around the twenty-wicket mark – Richard Henwood, Martin Short, Chris Rudd and Bob Trott and they were good value for their efforts with the ball.

The 2nd XI adhered to the stated club policy of playing youth wherever possible and such players offered not only good performances in the games in the season under review, but offered hope for 2009, where the team could undergo something of a personnel change or two.

The season can be split into two parts – the first half was by far the better of the two halves as the team were in third place at the turn and harboured real hopes of mounting a challenge for league honours, but only two more wins came up to the end of the season and this saw that fifth place was the final position attained, but this counts as matching the team's best ever finish as stated earlier, so that in itself represents progress year-on-year.

The 2009 season looks as if it will be a challenging one, but provided the right amount of preparation is done it can still be a good one for both team and club.

4.1 – Season's Report

The season just passed for these two sides was another good one overall and this style of cricket once again proved popular with all types of club members.

For the Sunday side it was a season of contrasts as only one friendly was lost with the margin being only two runs, but the league campaign was a disappointing one as no wins were recorded and a last place finish was realised.

Luck did not follow the side as the weather intervened when we were at our strongest and where availability was affected by other factors the two strongest teams in the competition – winners Chard and runners-up Taunton St Andrews – were the opposition and we were ill equipped to match them on the day, but Alex Sparks ran the side well and is to be thanked for all his efforts.

On the subject of captaincy it was a season when four players acted as Sunday XI skipper – Paul Short started things off as he used the opening two games of the season as a lead-in to him assuming the 1st XI captaincy, Alex Sparks (as the appointed team's vice-captain) stood in for me whilst I was out with an ankle injury and James Dyke did one match when Alex was out for a short time with a broken finger – despite the team having had four captains by June 15th this did not affect matters unduly.

As far as performances go Rob Moysey was again the leading light with the bat as he returned an aggregate of 729 runs and in the process of the season recorded the highest ever individual score in club history.

Matt Daniel posted two centuries and ended up with a healthy 593 run aggregate. Alex Sparks with over 350 runs was another batsman who enjoyed a healthy Sunday XI season in 2008.

As far as the bowling was concerned only Matt Daniel took the minimum requirement of fifteen wickets and thus took the bowling award.

As with the 1st XI spin was to the forefront of the Sunday XI's bowling attack and Max Capaldi and Paul Short bowled well for the side.

A good number of youth played for the team in both league and non-league matches and this will be continued in 2009.

The Midweek XI played a mixture of 20/20 matches in mid-summer and three matches against touring sides and returned a decent enough set of results.

The fact that club personnel are prepared to give up evenings and take time off of work to play is always the lifeblood of what is the club's most casual side is always good to see and keeps the side going.

As per the Sunday XI several players oversaw team affairs when the appointed skipper Andy Perry was unavailable and Alec Short and myself did one match each. Once again the fixtures played by both the Sunday and Midweek XIs were well contested and played in the right spirit.

There are some exciting fixture opportunities for the Sunday XI in 2009 and these will be explored over the course of the close season.

The only unknown is the format that the Three Counties League will undertake in 2009, but the club remains committed to it and will support it going forward.
