Note – The following definition is used throughout this book when defining a cancelled fixture,

- **League/Cup Fixtures – When a league or cup fixture is cancelled for any reason other than the weather the result is recorded as a ‘win by default’ for the non-offending team.**
- **Non-League Fixtures – When a non-league (i.e. friendly) fixture is cancelled for any reason other than the weather the fixture is expunged from the records.**

1.1– Season’s Report

The season just passed was one that set out to better what was achieved in 2008 and – by that yardstick – winning the Somerset League was the only outcome that would have bettered the previous season’s return, but unfortunately the 2009 season will be remembered as one when the team did not perform to it’s true potential and that caused survival in the division to not be secured until the final day of the season.

An inability to not close out close games when the opportunity presented itself was a core reason for the season’s travails as too often the batting did not work as a unit and this was the main reason for the low final position.

The team bowled well with Paul Short taking over forty wickets combined and Rowan Varkevisser over thirty, but the batting statistics, when viewed as a unit, will not be amongst the best the team has ever returned – that no league century was scored in 2009 backs up this notion.

But the season was not without its highlights as the team retained the Terry Mockridge Memorial Shield beating the same opponents as twelve months earlier and did the league double over Temple Cloud – the team who did get relegated by finishing in ninth place – so winning when it mattered and the clinical dismantling of North Petherton on the last day of the season secured the team’s status for 2010 – anything else would have been disastrous. So, whilst the 2009 season will not be remembered as we hoped it would have been when we set out back in May, there is enough to go forward with and to learn the lessons from this campaign and get back to the levels of 2008 in terms of batting performance and results.

(a) – The SCL was formed in 1973. Wellington 1st XI joined in 1974.

(b) – The SCL removed the title of ‘Premier Division’ in the 1993 close season and thus all divisions were downgraded by one, so that the old Division One (which the 1st XI were in) became the new Division Two. These changes took effect from the start of the 1994 season.

2 – 2nd XI 2009

2.1 – Season's Report

The season that the 2nd XI had in 2009 was as to be expected through the loss of several players during the close season and the team's eventual relegation after three seasons at the top level of SCL reserve team cricket was not unexpected.

In a season when four players captained the side and one match had to be conceded the fact that the side will be playing at a lower level is no surprise, but, as such, it is not so much *where* the side plays its cricket on a Saturday afternoon, more that it *does* play cricket on a Saturday afternoon.

It was not an easy season either on or off the field of play, but those who played regularly always played the game in the right spirit and with integrity.

The batting was the major issue with only two players making more than 300 runs and the set of batting statistics returned in 2009 will not rank amongst the best ever.

A good number of the Club's older youth players turned out for the side during 2009 and they will be required in 2010 – they will return a year older and a year more developed and they need to take on more responsibility on match days, a wonderful opportunity for such players. All-in-all a hard season for the side, but one that can be used as a learning opportunity for life at the lower level in 2010.

4 – Non-League XIs 2009

4.1 – Season’s Report

The non-league component of our operation was again a success with a good mix of player playing in these fixtures and a good measure of success been returned.

The Sunday XI concentrated on the all-afternoon variety of game and the Midweek XI the 20/20 type.

The Sunday fixture list was a good strong one and we can only have benefited from playing cricket against sides who ply their trade in the higher echelons of the WEPL structure – this gives us the chance to play competitive cricket, but that does not have the added pressure of a ‘points and prizes’ mentality.

The Sunday League concept was not on offer in 2009, but will be back in 2010.

I find it comforting that we do not need to have to offer league cricket on both days of a weekend for us to be able to get good availability on Sundays, but if the league concept is on offer then we need to embrace it and we will be doing just that next season.

The cricket played on the Sabbath was enjoyed by all who played for and against us with a good social atmosphere after matches too.

The same goes for the six evening games played by the Midweek XI and this team again blossomed in 2009.

Alex Sparks had a fine non-league season with 814 runs scored, excellent contributions from Paul Short (478) and Rob Moysey (416) also deserve mention.

Rowan Varkevisser with 24 wickets topped the bowling return for this section and Rob Moysey, Paul Short and Alex Troake featured too.

The split of results was almost 50/50 with twelve wins, one draw and eleven losses from the twenty-four matches that were completed.

David Derrick
